Longmoor Group's experienced team provides a wide range of security consultancy and training services. Our consultants are hand picked from the four departments within the Group to provide you with an unbiased and worldwide security consultancy service.

## **LONGMOOR TRAINING**

Longmoor Training is recognised as the market leader in the provision of high quality training for its customers whether they are individuals, commercial enterprises, or governments. All courses are individually tailored to your requirements and are delivered by experienced and current operational experts.

## **LONGMOOR SECURITY AND PROTECTION**

Longmoor Security and Protection has been developed to protect your commercial and private interests. The company has the ability to protect an individual or a high value asset. Using the finest operators from this field we can deploy a team at short notice to safeguard you and your organisation from today's threats.

## **LONGMOOR RISK MANAGEMENT**

Longmoor Risk Management specialists analyse political, security and governance issues that may affect your operations. We also advise on cultural sensitivities when establishing relationships with local political and commercial entities worldwide.

## **LONGMOOR SPECIAL PROJECTS**

Longmoor Special Projects encompasses all aspects of Longmoor Group. Special Projects was established to provide a single source provider in order to assess and implement their security needs. Today, Special Projects uses knowledge from the Group to give our larger clients a comprehensive and bespoke security package.

# BENEFITS OF LONGMOOR GROUP

- Longmoor Group provides a single portal to fulfil all your security needs.
- Guaranteed access to a Director ensuring rapid implementation of your requirements.
- All consultants benefit from experience with military or home office departments with established links in the private security sector ensuring relevant and current knowledge.
- Bespoke security packages, course design and delivery.
- Longmoor Group's training is Accredited, Certificated and brings you above the Industry Standard.

## CASE STUDIES

### The World Bank

WFP & ICA: Working for a World Free of Poverty

**ISSUE:** The World Bank was due to take delivery of series of new armoured vehicles for use in hostile environments by their staff. They were concerned that drivers would not be able to use them in a manner they were intended.

**SOLUTION:** Longmoor Training developed a bespoke course that focussed on familiarising The World Bank staff with the dynamics of the vehicles and their effective use in an ambush situation.

**RESULT:** The World Bank drivers gained confidence in using the vehicles effectively and the security of key World Bank personnel whilst on the move has been improved as a result.

**ISSUE:** Group 4 Securicor cash in transit staff were being robbed whilst moving cash between the clients' premises and the van. This was costing them approximately £1m per week.

**SOLUTION:** Longmoor Security & Protection tasked semi-covert operatives to provide surveillance on G4s vans working in high risk areas. The teams notified the van drivers of potential threats and were prepared to carry out arrests.

**RESULT:** The presence of Longmoor Security & Protection operatives stopped thefts in the geographical area we were working. This ongoing project has now been rolled out to other Cities throughout the UK.

**ISSUE:** Longmoor Risk Management were tasked by Advance Jets to provide a Risk Assessment for a HNWI who was contemplating a business trip to a hostile region.

**SOLUTION:** Having looked at the political stability and crime statistics of the region Longmoor Risk Management provided a report detailing the potential risks to the client.

**RESULT:** On the findings of Longmoor Risk Management the client decided that the trip would go ahead, but with close protection. Longmoor Security & Protection provided a team that ensured the client could continue with his business without having to worry about his personal safety.

# Longmoor Training

I decided that the best provider of such a course would be Longmoor Group. The course was four weeks of intensive training based on the Royal Military Police CP course and covered many subjects, including close quarter combat, weapons, driving, and anti-ambush techniques.

The standard of instruction was second to none so the standard achieved was superb. The course was mainly conducted in the UK and included a firearms package in Geneva, Switzerland. Although very challenging, it was also very enjoyable due to the quality and professionalism of the instructors. I have nothing but praise for the whole experience and would have no problem recommending the course to anyone.

DAVID WILKINS  
GRENADIER GUARDS

(David Wilkins is an ex Grenadier Guard who attended our renowned Close Protection Course after leaving the British Army. This is an extract from a Quest article, a British Army resettlement Magazine)

Our training department understands that relevant and regular training instils confidence in the individual's decision-making process, especially whilst operating under pressure. Longmoor Training understands that this is of paramount importance in preparing to meet modern security threats.

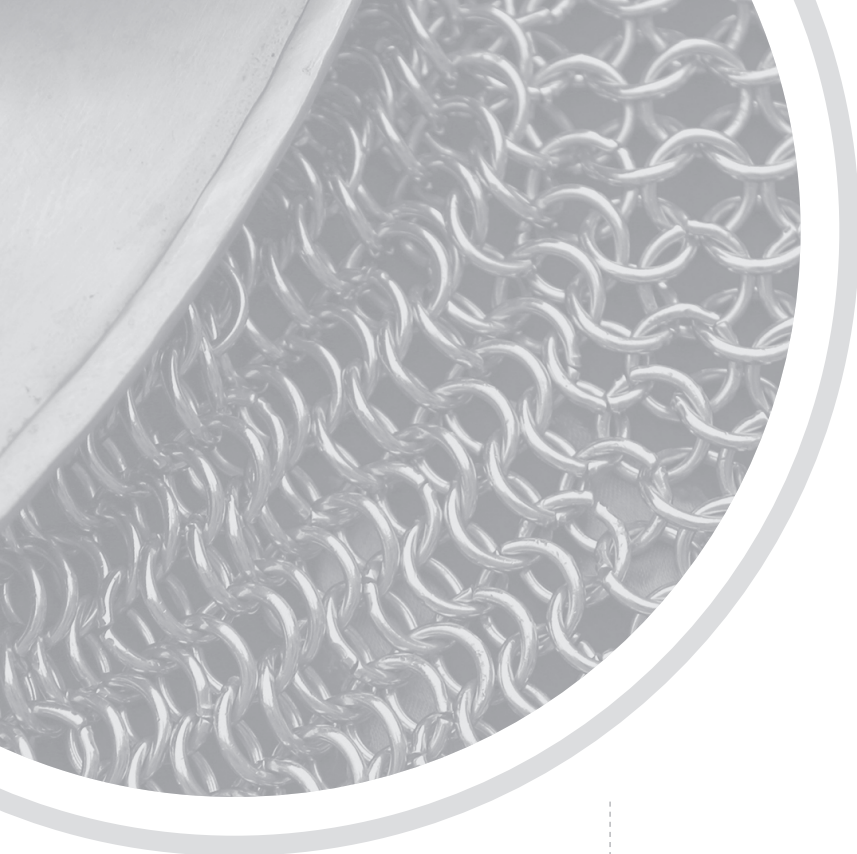

Longmoor Training has a wealth of experience in delivering to both military and civilian personnel worldwide. With an ethos of using only the finest personnel from the British Military or UK Police, Longmoor Training are ideally positioned to offer the most practical and comprehensive solutions to your training needs.

Longmoor Training provides the following packages or bespoke courses.

- Close Protection Training
- Tactical Firearms Training
- Hostile Environment Awareness Training
- Terrorist Awareness Training
- Enhanced Diplomatic & Protective Driver Training
- Conflict Resolution Management Training
- Dynamic Intervention Training
- Surveillance Training
- Manned Guarding Training
- Door Supervisor Training
- Search Training
- Explosive Ordnance Disposal Training
- Unarmed Combat Training
- Cash in Transit Training

# TRAINING

Course	Description	Accredited	Group	Individual
Close Protection/ Personal Security Detail	Aimed at those people wishing to pursue a career in Close Protection. The course caters for civilians and forces leavers providing a UK Security Industry Authority accreditation. The course is run by qualified ex RMP or UK Police close protection trainers.	✓	✓	✓
Tactical Firearms	Designed to prepare you for operations in hostile environments. Firing live ammunition and conducting dual weapon shoots you will learn the skills needed to work as an Individual Bodyguard or to work as part of a Close Protection Team utilising both long and short barrelled weapons.	✓	✓	✓
Hostile Environment Awareness Training (HEAT)	Designed to give NGOs, Media organisations and commercial entities the skills required for operations in hostile environments, you will develop mine awareness skills, medical skills, personal security skills, off road driving skills and the use of a Global Positioning Systems (GPS).	✓	✓	✓
Terrorist Awareness Training	Introducing NGOs, media organisations and commercial entities to the modern terrorist threat, you will learn how to conduct searches, identify a suspect package and the procedures for clearing a building and protecting your personnel.	✓	✓	✗
Enhanced Diplomatic & Protective Driving	Aimed at people wishing to increase their awareness in the protective mobile role. Other specialist driving courses are available for those employed as a VIP driver or as part of a PSD/CP team.	✓	✓	✓
Conflict Resolution Management	The course highlights a number of approaches to deal with stress, whether you are working within a hostile or a commercial environment. The course covers ways of dealing with stress and ways to disengage you from a hostile situation.	✓	✓	✓
Medical Training	Designed for individuals, groups and organisations that have a requirement to work in hostile or remote locations around the world. Our bespoke courses are tailored to the needs of people who are likely to encounter casualties from ballistic injuries, burns, road traffic accidents as well as the basic need to maintain a person's survivability.	✓	✓	✗
Dynamic Intervention Training (Counter Terrorist Training)	Dynamic intervention courses instruct you in rapid and stealth methods of entry, as well as the tactical considerations for planning and execution of these operations. These courses encompass armed and unarmed intervention techniques for National Governments or the Commercial sector.	✓	✓	✗
Surveillance Training	Our surveillance courses teach you the basics of team and individual surveillance. Taken directly from the Home Office surveillance training school, this course covers foot drill, the use of the radio and hand signs, surveillance planning, team drills and surveillance in the mobile role.	✓	✓	✗
Manned Guarding	Designed to give you the Security Industry Authority Manned Guarding accreditation. The course has been enhanced by Longmoor Training to provide a basic terrorism awareness package applicable to today's guards.	✓	✓	✓
Door Supervisor	Providing you with a Security Industry Authority qualification in Door Supervising, Longmoor Training has enhanced the course to provide a more in depth search package as well as basic terrorism awareness training.	✓	✓	✓
Search Training	Benefiting National governments and those involved in anti-crime/anti-terrorism, including retail store personnel, hotel staff, event planners, school teaches etc. By developing a bespoke course that is tailored to suit searching in low and high risk environments you will learn a systematic approach to search management of people, vehicles, venues and areas.	✓	✓	✗
Explosive Ordnance Disposal (EOD)	Our EOD courses have been designed to enable you to progress to an Internationally recognised EOD standard for both Military and Criminal ordnance. The courses are aimed at National governments or organisations that deploy personnel to environments where mines/ordnance have been used.	✓	✓	✗
Unarmed Combat	Courses come as bespoke packages suitable for a wide variety of people, from those working in a hostile environment to those wishing to improve personal safety. We can give a days basic introduction to personal protective combat or longer courses for people working commercially.	✓	✓	✓
Cash in Transit	Designed for people who move cash or valuable items. The course instructs basic advanced driving techniques, counter surveillance and procedures designed to minimise the threat to you.	✓	✓	✓

# Longmoor Security & Protection

Longmoor Security & Protection is recognised as the premier provider of high quality protection personnel and security services worldwide.

All our operators have served either with the British Army's Royal Military Police or UK Police, who are widely acknowledged as the world's leading providers of Close Protection and security services. Some have been trained on one of our own SIA registered courses, ensuring they work to Longmoor's exacting and operationally proven standards.

The Group deploys experienced individuals or bespoke teams in support of international specialist operations, long or short term. Longmoor Group has extensive experience in supplying security services and discreet protection to Diplomats, High Net Worth Individuals (HNWIs), VVIPs, corporate clients and conglomerates in both hostile and corporate environments.

The professionalism provided by the Longmoor Group far surpassed our initial expectations. We feel safe working with them and look forward to working with them in the future.

# SECURITY & PROTECTION SERVICES

## VIP PROTECTION

Selecting the most experienced operatives from the UK Police or Royal Military Police, Longmoor Security & Protection specialises in the deployment of Personal Security Details or single Close Protection operators. The Group prides itself in providing you a bespoke overt or covert protection package tailored to your individual needs.

Our male and female Close Protection operatives are highly experienced in working as a team in support of the UK government and civilian Close Protection operations. The heritage of the Group results in a security protection service that is second to none.

## PROTECTION DRIVERS

Within the current security climate, the most significant threat to you remains injuries received as a result of road traffic accidents.

Longmoor Security & Protection employs highly trained drivers, who have a wealth of experience and operational experience with UK Police or UK Armed Forces. Their skills have been honed supporting government and commercial operations both in UK and abroad in some of the most hostile environments around the world.

## HIGH RISK ESCORTS

Whether you are transporting precious stones, antiques, classified documents or sensitive IT material, they are all likely to be targeted by an increasing criminal element. We offer an insured overt and covert protection service for high-risk valuable goods at both static locations and during transportation either in the UK or overseas.

We provide detailed survey reports, analysis and risk assessments giving you a clear understanding of the possible security threat of moving items.

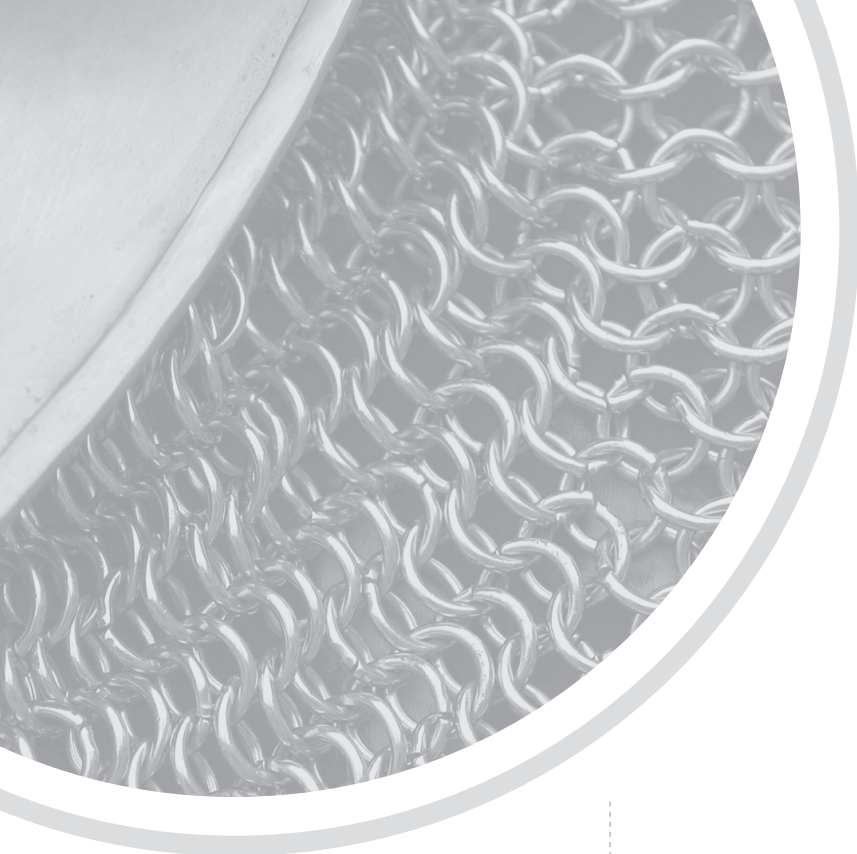

## SURVEILLANCE

Longmoor Security & Protection offers you a covert surveillance package that utilises UK Police and UK Armed Forces personnel who have a wealth of experience in human surveillance using foot and mobile teams as well as technical surveillance using electronic devices.

Our surveillance personnel are hand picked for each task ensuring that they fit in with the operating environment and meet with your needs. Both our male and female personnel are trained to the highest standard in Counter and Anti-Surveillance.

## INVESTIGATIONS & WITNESS ENQUIRY

Longmoor Security & Protection Services utilise experienced investigators, with years of UK Police Criminal Investigation Department and Special Investigation Branch backgrounds, we offer you an industry leading investigation service surpassed by no-one, with the ability to deploy quickly across the globe. The investigation teams are all UK Home Office qualified Scenes of Crime Officers and Crime Scene Investigation specialists.

# Longmoor Special Projects

Longmoor Special Projects was developed to provide our larger clients with a complete security solution. By bringing together Longmoor Risk Management, Longmoor Training and Longmoor Security & Protection, Special Projects are able to lead your security solutions from inception through implementation to continual assessment and update.

Drawing from the knowledge of experts within our other departments and from the wider security industry we are able to tackle some of the most complex security issues in today's world.

Special Projects have been instrumental in developing and running a large staff training centre for a multi-national commercial organisation. Longmoor Special Projects have also assisted National governments in developing training strategies for private and government security personnel.

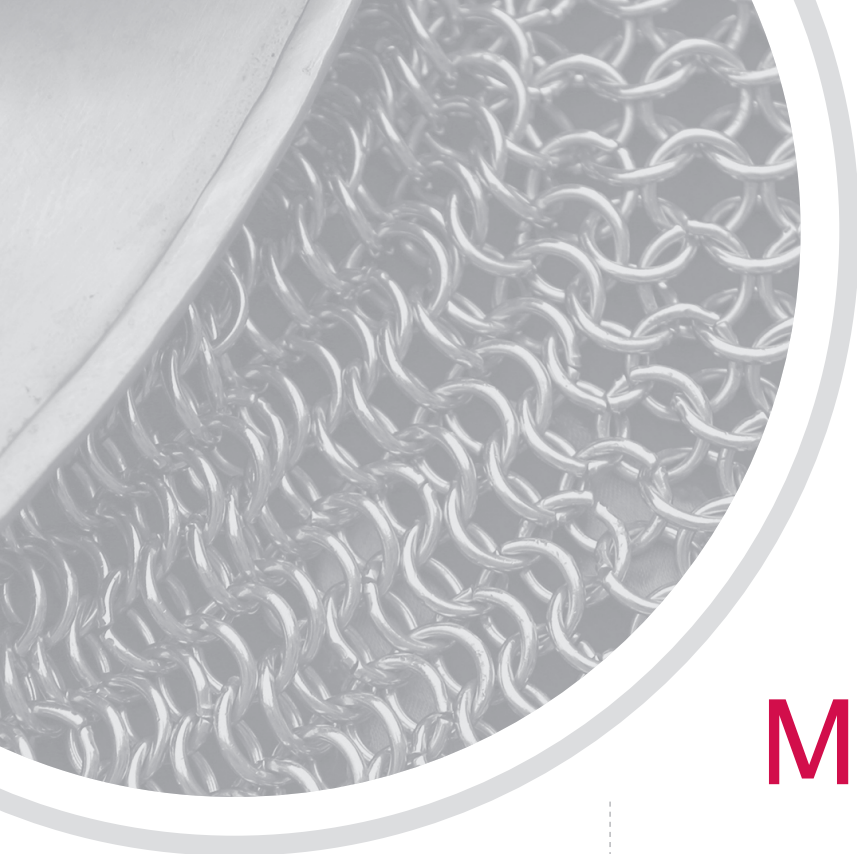

Special Projects offer a unique total security solution for commercial organisations, governments and individuals, who need to combat or prevent threats in the world.

Individual commitment to a group effort – that is what makes a team work, a company work, a society work, a civilisation work.

VINCE LOMBARDI

# Longmoor Risk Management

Longmoor Risk Management is a specialist risk consultancy. We provide advice and services that enable you to accelerate opportunities and manage strategic and operational risks.

Longmoor Risk Management delivers a cost effective and pragmatic consultancy service that adds value to your operations. More importantly, our consultancy enables you to conduct your business whilst protecting your assets.

Our team is selected from the finest consultants in the industry to proactively prevent loss, control threats and mitigate risk. Our network of offices allows Longmoor Risk Management to give our clients a worldwide coverage for all their risk management needs.

Risk comes from not knowing what you are doing or where you are working.

WARREN BUFFETT  
AMERICAN INVESTMENT  
ENTREPRENEUR

# LONGMOOR RISK MANAGEMENT

## SECURITY REVIEWS/PENETRATION TESTING

Today's businesses are constantly being subjected to hoax attacks from extremist's organisations in the worst instances have been subjected to collateral damage as a result of terrorist or criminal actions.

We employ teams of highly trained ex-military planners and analysts to assess the weakness of your security strategy, operational plans and existing protective security measures; devising tactics to breach and defeat them, in the same way that a terrorist might. After which we will advise you on issues that may affect your organisations business continuity.

Longmoor Risk Management hand picks consultants with experience from UK Special Forces and Military Intelligence Units.

## BUSINESS INTELLIGENCE

Business intelligence and due diligence represent both essential risk management and a significant source of competitive advantage. Hidden agendas can easily derail your best plans, with reputations damaged and investment lost. Add in regulatory or government interference, corruption, criminality and intellectual property abuse and it is even clearer that businesses need to be fully aware of a wide spectrum of risks.

The Longmoor Risk Management Team provides the following:

- Non Financial Due Diligence
- Fraud Risk Assessments
- Pre Employment Screening
- Political Security Risk Analysis

## COMPUTER FORENSIC ANALYSIS

Longmoor Risk Management is able to offer a complete review of your IT security procedures

and recommend simple, practical ways in which your computer security can be enhanced to prevent fraud and corporate espionage. Longmoor Risk Management's computer forensics expert was recently made a Member of the British Empire (MBE) for his pioneering work in this complex and highly specialised field.

## SECURE BY DESIGN

Secure by Design is the design of an environment that minimises the overall risk to the community or work force, it acknowledges that the build environment can influence criminal behaviour and a citizen's ability to exercise control over their surroundings.

Longmoor Risk Management's consultants are UK qualified and have a wealth of experience in advising you on design issues for commercial properties or private residences, that minimise the threat and risk to you. Our consultants are currently consulting on the Greenway Project, technological village of the future.

## POST TRAUMATIC STRESS DISORDER (PTSD)

In recent years, mental health professionals have introduced the term Post Traumatic Stress Disorder (PTSD) to describe a range of psychological symptoms. Individuals claiming to suffer from PTSD are a significant mitigation risk to organisations deployed in the world's hostile environments. Longmoor Risk Management offers a complete package to commercial organisations with operations in stressful environments, including:

- Policy documents in line with current insurance underwriter requirements.
- Management awareness training.
- Counselling using Cognitive Behavioural Treatment (CBT).
- Normalisation
