Certain written and oral statements included in this presentation may constitute “forward-looking information” which reflects the current expectations of RSI International Systems Inc. (“RSI”). For example, statements about market opportunities and RSI’s ability to capitalize on such opportunities and the plans of RSI to roll out new features and functionalities, possible growth rates and extrapolated revenue are all forward-looking information. This information reflects RSI’s current beliefs with respect to future events and is based on information currently available to management. Forward-looking information involves significant known and unknown risks, uncertainties and assumptions. Many factors could cause actual results, performance or achievements to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking information. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking information prove incorrect, actual results, performance or achievements could vary materially from those expressed or implied by the forward-looking information contained in this presentation. Although forward-looking information contained in this presentation is based upon what RSI believes to be reasonable assumptions, management cannot provide assurances that actual results, performance or achievements will be consistent with this forward-looking information and cautions that undue reliance should not be placed on the forward-looking information. The forward-looking information is made as of the date of this presentation and RSI does not assume any obligation to update or revise it to reflect new events or circumstances, except as required by law.
