Resolute Mining tops up A\$ gold hedge book with 30,000 more ounces

Resolute Mining Limited (ASX:RSG) has taken advantage of record strength in the Australian dollar gold price to extend its Australian dollar gold hedge position.

A further 30,000 ounces of gold at an average price of \$1,943 per ounce has been forward sold in scheduled monthly deliveries of 5,000 ounces between January 2020 and June 2020.

The objective is to secure price certainty for revenues from Resolute's Ravenswood Gold Mine in Queensland.

"Responsible hedging"

Managing director and CEO John Welborn said he was pleased to continue Resolute's success in maximising gold sales revenue through responsible hedging.

"Incremental expansion of Resolute's gold hedging position at levels significantly above our budgeted gold price protects and supports our revenues and cash flows.

"We continue to actively manage our gold sales and undertake near-term hedging to take advantage of gold price volatility, maximise revenues, and protect the company's balance sheet."

Welborn added: "With long mine lives, large gold inventories, and an industry-leading production growth profile, Resolute remains strongly leveraged to further upside in gold prices."
