Redx Pharma confirms restart of clinical trial for lead cancer drug in H1 2019

Lisa Anson, chief executive of Redx Pharma Plc (LON:REDX), caught up with Proactive's Andrew Scott to discuss the restart of a Phase I/IIa clinical trial of its lead cancer drug in the first half of next year.

The announcement follows what's been described as a "positive" meeting with the Medicines and Healthcare products Regulatory Agency, the drugs watchdog.

Anson says as well as a newly-proposed lower starting dose of RXC004, there will be a revised study protocol, including enhanced safety monitoring.
