Jubilee Metals PLC has 'significant trajectory of growth ahead'

Mining Capital's Alastair Ford discusses Jubilee Metals (LON:JLP) following the release this week of their six month report to June 2019.

Jubilee boosted revenue by 75% to £14.36mln in the period when set against the second half of 2018.

Ford says the added cash flow from their recent Kabwe acquisition will only add to what looks to be quite a positive outlook for a company which some investors had written off ten years ago.

"Now they're back and are one of the stronger looking companies on the junior market".
