Berkwood Resources Ltd (CVE:BKR), which is developing a high-grade graphite deposit in Quebec, is on the hunt for a joint venture partner and/or an off-take agreement for the project. The Vancouver-based firm revealed its plans in a statement saying that it will be attending the International Graphite 2019 Conference in Berlin on September 10 and 11, in which it also announced a C\$100,000 fundraise. The event connects producers with purchasers and consumers and attendees are some of the world's largest buyers, consumers and traders of the material.

Pacton Gold Inc (CVE:PAC) (OTCMKTS:PACXF) said it had issued incentive stock options, allowing its officers and directors to buy 1.4 million shares. The options are exercisable at C\$0.17 a share for three years from the date of grant. The options have been granted under the terms of Pacton's incentive stock option plan.

True Leaf Brands Inc (CSE:MJ) (OTCMKTS:TRLFF) said that its subsidiary True Leaf Cannabis Inc, has submitted the site evidence package to Health Canada for True Leaf Campus, the company's cannabis cultivation and production facility in Lumby, British Columbia. On the cannabis side, the Canadian company has a lengthy list of plans on the go, notably building out its 25,000 square feet medicinal cannabis production facility in Lumby in order to comply with Health Canada's requirements to become a licensed producer.

Enertopia Corporation (CSE:TOP) (OTCMKTS:ENRT) told shareholders that it believes Nevada could become a major source of lithium production in the next decade, securing a domestic supply of the essential battery metal. The announcement came as the Kelowna, BC-based company updated investors on its lithium brine testing project in Clayton Valley, Nevada. The technology company is undertaking testing to determine how various pH levels impact the purity levels in each claystone zone to see if pre-stripping the impurities prior to making synthetic brine viable.

Codebase Ventures Inc (CSE:CODE) (OTCMKTS:BKLFF) told investors that its Pressland subsidiary has tapped digital expert Anthony Daignan-Cabrera to develop the business. Daignan-Cabrera is behind digital news products that have incorporated diversified revenue streams, including revenue sharing, data licensing and e-commerce and has held roles at AOL's Patch.com, Mozilla, CNN and Bamboo Technologies.

NexTech AR Solutions Corp (CSE:NTAR) (OTCMKTS:NEXCF) is fully funded for its 'hypergrowth' phase, the company announced Monday, after completing a nearly US\$1.2 million private placement. The augmented reality company sold almost 2 million units for \$0.60 apiece, which consist of one share of stock and one half of a share purchase warrant. A whole warrant is good for one share at a price of \$0.75. CEO Evan Gappelberg and President Paul Duffy got in on the offering to the tune of 277,916 units for \$136,750.

CBD oil throughout Europe.

The new oils are available through Vancouver-based Harvest One's wholly owned subsidiary Satipharm Ltd. Satipharm's CBD oils will be available online throughout the continent, with bricks and mortar distribution in major retailers to follow.

Duos Technologies Group Inc (OTCQB:DUOT) is due to attend the eighth Annual gateway conference, which is being held between September 4 and 5 at the Four Seasons Hotel in California, it said in a statement. Chairman and CEO Gianni Arcaini and chief financial officer Adrian Goldfarb are due to present on September 4 at 1pm Pacific time, with one-on-one meetings to be held throughout the event. The Florida-based company provides advanced intelligent security and analytical solutions within the rail transportation, retail, petrochemical, government, and banking sectors.

Universal mCloud Corp (CVE:MCLD) (OTCMKT:MCLDF), the AI and IoT group, announced it will provide performance analytics to a wind farm operator in China. The Vancouver-based company said the commercial agreement is with Longyuan Construction Investment (Chengde) Wind Power Co Ltd. Under its AssetCare for Wind technology, Universal mCloud will assess and optimize the condition and performance of pitch systems and batteries for 35 GE wind turbines at Longyuan's Pu Fa Wind Farm.

Exactus Inc (OTCMKTS:EXDI) is on a brand-building run with upcoming sponsorships at major sports events and industry conferences. The CBD healthcare company will be an official sponsor of the 2019 Senior PGA Professional Championship, a key event on the senior golf tour schedule. The tournament takes place this week at the Turtle Creek Club in Florida. Florida-based Exactus will also exhibit at the BIG Industry Show, a two-day event this week at the Miami Beach Convention Center.

Quantum Computing Inc (OTCMKTS: QUBT) has received admission into the Quantum Economic Development Consortium (QED-C), a collaboration between the public and private sectors to advance the position of the United States in the industry. The consortium uses funding from the government and its private company members to collaborate on research and development projects, share intellectual property and guide federal research priorities to create an efficient quantum technology supply chain.

Capstone Turbine Corporation (NASDAQ:CPST), the maker of clean-energy microturbines, said that it has secured a 400 kilowatts microturbine sale to power a large biogas-to-energy project in France. The company pointed out that the microturbine will operate on methane generated from agricultural green waste, cow manure, and pig manure. In a statement, the Van Nuys, California-based company said the order for the lightweight, compact C400 Signature Series product came through its distributor Biogaz Services in France.

American Battery Metals Corporation (OTCQB:ABML) told investors it was 'serious about helping the U.S. break free from the reliance on foreign sources of critical minerals'. It is advancing the Railroad Valley lithium project in Nevada and is planning a reserve report for the asset. Lithium is a vital component of batteries, notably for electric vehicles (EVs), for which demand is growing. CEO Doug Cole said: "At American Battery Metals Corporation, we are focused on consistent, methodical execution of our strategic plan. We are vertically integrated, which minimizes risk and maximizes the potential for bringing critical resources online in the near term. We are serious about helping the U.S. break free from the reliance on foreign sources of critical minerals."

Berkwood Resources Ltd (CVE:BKR) said on Monday that the TSX Venture Exchange has accepted for filing documentation in connection with its share purchase agreement from August 7, 2019 between Contigo Resources Ltd, Graeme Sewell and the company, where Berkwood will acquire 1215616 BC Ltd and its Lac Gueret, Quebec claims. The Vancouver-based company will pay C\$11,500 and 1.95 million shares, of which 450,000 shares will go to Contigo and the remainder to Sewell.
