Full interview: Katoro Gold to accelerate battery metals plan following gold licence deal

Louis Coetzee says Katoro Gold PLC's (LON:KAT) deal for its gold licences in Tanzania should be considered more a re-positioning than a disposal. It's part of a re-focusing of the strategy towards battery metals, he adds. Katoro will retain a royalty on production from the Imweru and Lubando project with the route to production now that much shorter as the company acquiring the assets already has mining rights on a neighbouring block. Meanwhile, Katoro can use the money from the deal to develop the Haneti nickel deposit.
