READ: Panther Metals is beginning to build up a head steam with its gold exploration programmes in Canada and Australia

Panther Metals invests in or acquires companies or projects within the natural resources sector which have the potential for growth and value generation over the medium to long term.

The company intends to utilise their extensive international network to identify opportunities in base, precious and energy metals and is focusing its search on highly attractive and established and politically stable mining jurisdictions such as Australia, North America and Canada.

It is currently invested in the Bear Lake Project in Ontario Canada, a gold enriched VMS style deposit that has a limited history of exploration in a region that has established infrastructure and nearby mine development and mine operation.
