African Gold Group all set with 'very good target areas ready to go in and drill' in Mali

African Gold Group (CVE:AGG) Chief Executive Officer Danny Callow talks to Proactive London's Katie Pilbeam about their latest operations at the firms' flagship Kobada Gold Project in Southern Mali.

Callow also explains how the political tension in Mali as well as the worst rainfall in 25 years has not impacted their operations and hopes to continue as usual.

The drills are already going and the company is hoping to release results by the end of September and an update on resource reserves by March 2021.
